

City of Lebanon

51 North Park Street
Lebanon, New Hampshire 03766

March 24, 2010

To Whom It May Concern:

The Lebanon City Council supports ValleyNet's Upper Valley Fiber Initiative and its application to Google's "Fiber to the Home" project. The purpose of the initiative is to link 2 currently evolving regional fiber-optic projects in NH and Vermont that are known as West Central NH Initiative (WCNH) and ECFiber respectively. Since the City of Lebanon lies directly between, and adjacent to, these 2 regional efforts, we are pleased to be given an opportunity to weigh in on this exciting project. We are also pleased to learn that a number of our neighbors including Dartmouth College and Vital Communities are strongly supporting this effort.

ValleyNet has an excellent reputation within our community and has been a leader in bringing internet services to the citizens of the Upper Valley region for over 20 years.

The Lebanon City Council is pleased to add our voice of support to this regional planning effort.

Sincerely,

A handwritten signature in cursive script that reads "Georgia A. Tuttle".

Georgia A. Tuttle, Mayor
City of Lebanon
